STATE AID CONSTRUCTION

State of New Hampshire	\$537 00
------------------------	----------

Under the foreman, Richard Dearborn, eight hundred feet of finished construction, tarred twice, was built. The dangerous corner near the place formerly owned by Leona Templeton was set over and banked thus eliminating to a great extent danger of accidents. (Three or more occurred there in summer of 1936) The fund also paid for the tarring of the road from foot of Champion Hill to Lothian's Store.

SCHOOL NURSE'S REPORT

Schools are visited approximately every two weeks. Much rivalry has been aroused between the two schools to secure the banner award for best personal hygiene practices from October through May.

Dr. H. S. Kaplan was secured to conduct the dental clinic held in Carlton's Hall last June.

Our grateful thanks are extended to the Red Cross for financing a bit of constructive dentistry too complicated for clinic routine. The citizens of Effingham may indeed be proud of such constructive corrective work as this clinic is doing.

Nearly all children needing glasses have been or will be taken care of very soon.

The health of the children has been very gratifying. There have not been epidemics as yet to interfere with regular attendance.

Respectfully submitted,

EVA M. NELSON

SUPERINTENDENT'S REPORT

I hereby submit my tenth annual report as superintendent of schools, it being the eighteenth in the series of such reports.

The old saying, "Hitch your wagon to a star" has lately been changed to "Hitch your wagon to the next job in hand." Doing that job as well as you can is what brings competence, character and happiness. Schools are aiming to fashion character as well as intelligence, and earnest, untiring effort on the part of the pupils is essential. Parents and teachers should cooperate to bring about the best results. Education today is looking at the side of service, asking how young people can become helpful in the community. The great world need at present is for a real, intelligent unselfishness among nations and individuals.

In the country at large, it is said that half the parents of the pupils now in high school had, themselves, no high school education. Thus parents are pushing their children up to greater accomplishment. Boys and girls should appreciate this and give their best efforts in school work.

I wish every child could have educational activities in the home to correlate with the school work, such as writing friendly letters, keeping the family budget account, measuring the wood-pile and keeping the family gasoline bill. Children do not have opportunities enough to apply the knowledge gained at school.

During the past year the schools have been under the care of the same teachers—Miss Gladys Leavitt at the Center School and Mr. Donald Chase at the Falls. Both schools are doing well for the children by having warm lunches at noon. Both schools are now supplied with music records and books to accompany. Certainly there should be music in the air.

The playground equipment furnished last year is used to the full and I recommend that a new piece

be added this year. The calisthenic work is being carried on to strengthen the bodies and keep up good posture and development.

The health work is under the direction of Miss Eva Nelson, R. N., the school nurse. Miss Nelson brings to the work a wealth of training and experience, having served as a nurse in the World War. The dental clinic is still maintained and good results accomplished. Effingham does well for its boys and girls.

In order to provide light in the schoolrooms, the schools have earned money and the school board has installed lights, both at the Center and the Falls. This is a step in the right direction and will be very helpful on dark days, and at moving picture gatherings. Thanks are hereby expressed for special contributions toward this advancement.

The school property has been kept up. It is planned to do some work each year and thus keep property from falling into decay. I recommend and urge that definite steps be taken to beautify the school grounds with flowers and shrubbery. Some plan should be found to supply water for the Falls school and new sanitariums at the Center.

Plans for visual education are being carried out, as last year. The school board acts as host in the fall, and in the spring an invited guest speaks. Commissioner Pringle addressed the audience two years ago. Last spring Miss Phila M. Griffin, from the office of the State Board of Education gave a pleasing address.

Memorial Day exercises were held as usual, Supt. F. U. Landman of Wolfeboro being the speaker.

Parents are reminded that children must be vaccinated before entering school in the fall. This should be done early in the summer.

It is a source of pride and gratification that Beatrice Beckwith after graduating from Ossipee High

School, was enabled to enter Posse College where she is doing good work. More of the Effingham boys and girls should go on to post-secondary schools. There is a definite call, at present, for girls to enter normal school and prepare for teaching in the elementary schools. We are proud also to have two students from Effingham in the University of New Hampshire: Herbert Thompson and Wendell Thompson.

Statistics

For the year ending June 30, 1936, we had an average attendance of 48, an average membership of 51 and a percent of 94.7.

Last June we graduated a class of five: Almon Fogg, Esther Tebbetts, Philip Beckwith, Pauline Robinson, Ruth Ward.
